

# Nature’s Stroll

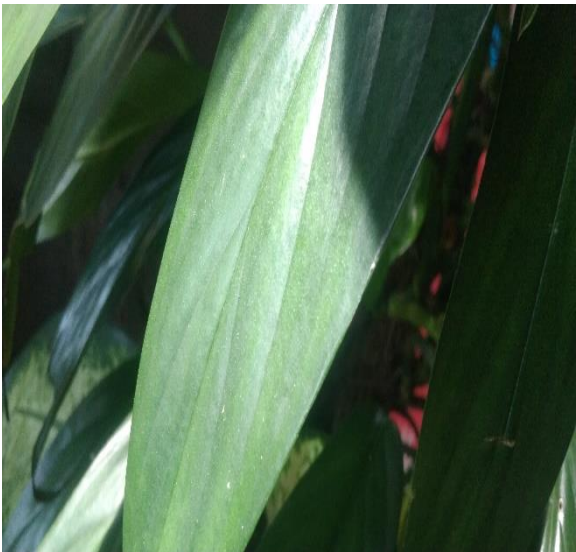

**Red Flower:**

The image shows a vibrant red hibiscus flower in full bloom, surrounded by dense green foliage. The petals are wide and open, with delicate details visible in the center of the flower. It is located at the front of the Ortega Gym.

**Purple Flower:**

The image features a cluster of vibrant purple orchids in bloom, with delicate, wide petals and light-yellow centers. The flowers are attached to a thick green stem, surrounded by long, slender leaves. It is located at the front of Manual Building.

**Smooth Leaf:**

The image shows a close-up of large, glossy green leaves, with soft sunlight highlighting their smooth texture and natural veins. It is located at the Food Court.

**Tree with a Smooth Trunk:**

The image shows a tall, slender tree with a smooth, gray trunk and a dense canopy of green leaves. The tree is surrounded by other trees and the sky is visible through the branches. It is located at the front of the Library.

**Spider Web:**

This image shows a dense, green forest with sunlight filtering through the leaves. Several spider webs are visible, stretching between branches and twigs. It is located at the House near at the Ortega Gym.

**Vine:**

This image shows a lush, green forest with tall trees and a dense canopy. Long, reddish vines or lianas are visible, hanging down from the branches. It is located at the front of a House near at the Ortega Gym.

**Tree with Pointed Leaves:**

This image shows a two-story building labeled "EL RESIDENCE" with a balcony. The building is painted green with a brown railing. It is located at the Ipil Residence.

**Plant with Yellow Leaves:**

This image shows a row of tall, slender plants with long, narrow leaves that are a mix of green and yellow. The plants are growing close together, creating a dense hedge or border. It is located at the Elementary Building.

**Footprint:**

This image shows a clear footprint in the sand or dirt. The footprint appears to be a footprint of a Human-being.

**Seashell:**

This image shows a hand holding a hanging decoration made of various seashells. The shells are arranged in clusters and connected to a wire frame. The shells are mostly white or off-white in color.

**Round Fruit:**

This image shows a hand holding a plastic package of green grapes. The grapes are small and round, with a slightly translucent appearance.

**Spiky Fruit:**

This image shows a hand holding a plastic package of what appears to be seaweed. The seaweed is a deep red color and has a tangled, fibrous appearance. It is likely a type of edible seaweed, often used in Asian cuisine.

**Lizard:**

The image shows two lizards on a white wall. The lizards are light brown in color with darker brown stripes. They are both facing the left side of the image.

**Dragonfly:**

The image shows a hand holding a large, colorful dragonfly. The dragonfly has a blue body and green and yellow markings. Its wings are transparent and veined.

**Beetle:**

The image shows a large, black beetle being held in a person's hand. The beetle has long antennae and a long, slender body. It appears to be a species of longhorn beetle.

**Small Bird:**

The image shows a green parakeet sitting on a perch inside a cage. The parakeet has a long tail and a beak. It is looking to the right side of the image.

**Fish:**

The image shows a fish market stall with a variety of fresh seafood on display. There are different types of fish, including sharks, croakers, and snappers. There are also crabs and other shellfish.

**Funny Shaped Stone:**

The image shows a hand holding a smooth, gray rock shaped like a video game controller.

**Ants:**

The image shows several small, reddish-brown ants crawling on a white surface. They have a distinct head, thorax, and abdomen.

**Cotton Candy-Like Cloud:**

The image shows a hand holding a large, fluffy cloud of cotton candy against a blue sky with white clouds.
